Web Development | Finished

/> Knowledge in HTML5, CSS3, GIT, Github,
Bootstrap, Node.js, SASS, agile methodologies,
SEO and design wireframes in Figma and Balsamiq.
/> Complete functional Portfolio as final project.
/> Top 10 of best califications.

/ Profile

I'm a layout web developer
with a defined vision for
innovative design. I consider
myself a disciplined,
responsible and dedicated
person. I like to keep learning
new things. I can work well in a
team or individually.
